Why Chime?

Chime Housing is a Community Gateway housing association providing good quality homes, strong communities and opportunities for people to build brighter futures.

Formed through the merger of Thrive Homes and Watford Community Housing, Chime Housing brings together two trusted organisations with shared values, expertise and a commitment to putting residents at the heart of everything we do. Today, we own and manage over 13,500 homes across Hertfordshire and the surrounding areas.

We believe everyone should have the opportunity to own a home. That's why Shared Ownership plays an important role in our offer, providing a practical and affordable route onto the property ladder for people who might otherwise be priced out of home ownership. By helping customers take that first step, we're supporting stronger futures for individuals, families and communities across our region.

As a government-backed affordable home ownership scheme, Shared Ownership enables customers to buy a share of a home and pay rent on the remaining share, making home ownership more accessible to many people.

As a Community Gateway housing association, residents are at the heart of everything we do. By listening, learning and working closely with our customers, we are committed to delivering great services, investing in our homes and communities, and creating opportunities for more people to access affordable housing.

Our business is built around the importance of a home as the **foundation**

How *Shared Ownership* works

Shared Ownership helps first-time buyers get onto the property ladder more affordably.

You can usually buy an initial share of **10% to 75%** of the value of a home, and you'll need to take out a mortgage to pay for your share of the home's purchase price.

You will then pay a subsidised rent on the share you don't own, and there will also be a service charge to make up the monthly cost of buying through Shared Ownership.

By buying through Shared Ownership, **you will need a smaller deposit than buying on the open market.** It will also make you an owner-occupier in your home giving you the same responsibilities as a home owner.

BENEFITS OF SHARED OWNERSHIP

Buying a share of a home means a smaller deposit is required compared to buying a new home outright.

- **Affordability**

It's a more affordable way to purchase a home without needing a large deposit.

- **Quality**

You can own a high quality, new build home affordably without compromising on location or quality.

- **Flexibility**

You can buy as much of the property as you can afford, 'Staircasing' to buy more shares in the future, eventually owning 100% of your home.

- **Start your homeowner journey**

It's a great way to get out of the renting cycle and become a home-owner.

- **Make it your own**

You will own the home and be able to decorate it however you like.

- **Share in the profits**

You can sell your home at any time and will benefit from any increase in value.

WHO IS ELIGIBLE FOR SHARED OWNERSHIP?

- You must be aged 18 or older.
- Your annual household income if buying with Thrive outside London should be no more than £80,000.
- You will normally be a first-time buyer or be in the process of selling your home. You must not own any other property at the time you buy your new home.
- You should not be able to afford to buy a home on the open market.
- You must be able to show you are not in rent or mortgage arrears and demonstrate a good credit history.

10 steps to your new home

10 steps to your new home

1

REGISTER WITH US

Register for the development to be kept up to date with releases. Let us know the type of property and the desired number of bedrooms.

2

ELIGIBILITY CHECK

It helps to know exactly what is in reach and by speaking to a broker you can identify the number of bedrooms or plot that meets that budget. Doing this early on gives you the advantage and allows you to be plot specific ahead of your viewing.

3

RESERVE YOUR PLOT

If you've had your affordability confirmed via the panel brokers you are in position to reserve. You will need to pay the holding fee (usually £500) to secure your plot. You will need to consider what broker and solicitor you will want to act on your behalf.

4

INSTRUCT MORTGAGE ADVISOR & SOLICITOR

Contact the broker and solicitor you intend on using. Sales will then issue your memorandum of sale for you to sign so we can send this over so all parties are aware of your reservation. Our 42-day timescale to exchange begins from this point.

5

MORTGAGE APPLICATION

You will need to organise an appointment with your broker to submit mortgage application. They will ask you for documents to verify the information provided at your initial eligibility check.

6

ISSUE OF LEGAL PAPERWORK

Contracts are issued from the sellers' solicitors to your solicitor. Your solicitor is likely to request monies from you to submit searches and begin their checks as part of the legal process.

7

MORTGAGE OFFER RECEIVED/CONTRACTS SIGNED

A valuation of your property has been conducted by your mortgage lender and your mortgage offer has been issued. Your mortgage deed and contracts will need to be signed and sent back to your solicitor in readiness for exchange of contracts.

8

EXCHANGE OF CONTRACTS

On receipt of your signed contracts your solicitor will arrange for the transfer of your deposit before exchanging contracts. If your home has not already been handed over, then the exchange will be on notice until a fixed completion date can be offered.

9

COMPLETION DATE

A completion date will be mutually agreed amongst all parties and keys will be made available from this date.
